Sizing Instructions

1. Please carefully read sizing directions and information.
2. Standard measurements needed for Dornink Show Choir suits are chest – under arm, waist, and height. Dornink Show Choir suits are slim fit. If you are in between sizes or would like extra room for dancing, it is best to move to a larger size.
3. Regular or Long length can be ordered. Men six feet or taller should generally order extra length.
4. Suits should always be ordered to fit the biggest body measurement. Some alterations are to be expected. Dornink sizes may be different than standard retail sized. Please contact Dornink with any specific questions.
5. All suits are made with a non-stretch lining.
6. For hard to fit bodies, please contact Dornink if you have questions regarding sizing and measurements
7. Orders are placed into production only when completed sizing information, order confirmation and deposit are received

how to measure

1. Chest: measure the circumference FULLEST part of chest under the arms
2. Neck to waist: measure from the bone at the base of the back of the neck to the natural waist (about 1" below navel)
3. Waist: measure natural waist, 1" below navel
4. Height: measure head to foot
