hip	35	36	37	38	39	40	41.5	43	44.5	46.5	49	51

### Sizing Instructions

1. Please carefully read sizing directions and information.
2. Standard measurements needed for Domink Show Choir dresses are bust, waist, hips & height.
3. Garments should always be ordered to fit the biggest body measurement. Some alterations are expected. Domink sizes may be different than standard retail sized. Please contact Domink with any specific questions.
4. Size does vary slightly in different styles. Also spandex garments vary in the degree of stretch for each fabric. Ordering a sample is the best method for determining fit in each style. We give a 2" range for measurements in spandex as garments will stretch. Garments should fit closely while still allowing room to move arms and legs. Stretching some fabrics too much may cause oil, glitter, or seams to become damaged or give way. Please contact us with any questions regarding measurements, length and sizing. Domink is not responsible for variations in size due to style or fabric.
5. For non-spandex dresses & skirts, 1/4" of ease is built into every dress. Ordering a sample is the best way to determine fit.
6. For hard to fit bodies, please contact Domink if you have questions regarding sizing and measurements.
7. Orders are placed into production only when completed sizing information, order confirmation and deposit are received.

### how to measure

1. BUST: measure the FULLEST part of bust
2. WAIST: measure around waist at navel
3. HIP: measure around FULLEST part of hip
4. HEIGHT: measure head to foot
